## OVERVIEW

An innovative premium harness for maximum comfort and universal use in tough environments such as offshore industries. The design of the harness makes it suitable for work environments where the user does not want to feel restricted, but all-day safe in their workplace. Fusion Pro+ is flexible and easily adjustable with a wide range of fitting possibilities. Due to the design and function this harness is suitable for helicopter lifting. The Cresto Fusion harness range is unique due to certification for support and positioning, without having a belt. The Fusion Pro+ harness is furnished with self-luminous attachment D-rings, for quick identification and rescue if light disappears.
