

Eco Green Safety Shoe

Art nr: 1000089

Previous art. nr: 10080804

Unisex

Monitor's Eco Green shoe is made according to the principle of using as much recycled material as possible. The result is a safety shoe that is made of 70% recycled material! The upper is made of 92% recycled PET plastic, the insole is made of recycled polyurethane and PET plastic, the textile APT nail protection is made of 100% recycled polyethylene fibre, and the Vibram outsole is made of 10% recycled rubber. The toecap is made of aluminium and the midsole is made of polyurethane. The focus of the 5-component base plate has been on stability, built-in cushioning, comfort and moisture absorption. With the BOA® Fit System you can dial in to micro-adjustable, precision fit.
