XA Pro 3D v8 GTX Shoe

Art nr: 1000091

Previous art. nr: 20052301

Supplier art.nr. L40988900

The legendary waterproof outdoor shoe for all-round performance. This updated version of the iconic XA PRO 3D GORE-TEX is lighter and softer, while retaining all the essential benefits of the original (stability, cushioning and grip). Featuring Contagrip® premium wet compound, a waterproof Gore-Tex membrane and an improved 3D chassis, this shoe effortlessly accompanies you wherever the trail takes you. Now 20g lighter, the shoe features a seamed upper and thinner, softer materials for the perfect balance between comfort and protection. The new geometry of 3D chassis provides just the right amount of stability and comfort for a more secure ride. Full premium wet traction grip and a fully waterproof Gore-Tex membrane means you can ignore the wet and concentrate on the trail ahead.
