

## Product Presentation

### Bag 5 Units

- **Content:** bag with 5 units
- **Dimensions:** 400 x 320 mm

### Pack 100 Units

- **Content:** 20 bags with 5 units
- **Dimensions:** 320 x 270 x 180 mm

### Labelling

- Name and address of the manufacturing company
- Product designation in several languages
- Commercial reference, Lot and barcode
- CE marking
- Number of units
- Single use
- Storage conditions
- Colour

## General characteristics

**Description:** Visitor's gown made of polypropylene, with collar and Velcro fastening on the front, in white and blue. Lightweight, economical and dirt-resistant material. Does not lose fibres. Without pockets.

Manufactured in accordance with the requirements of the Personal Protection Regulation (EU) 2016/425.

The construction material, polypropylene, is resistant to point penetration of liquids. Weight  $35 \pm 5$  g.

Protection against dust and dirt in laboratories, Factory visits. Protection against non-hazardous splashes.

### Classification:

Protective product Category I; Regulation (EU) 2016/425.

Shelf life: 5 years.

Colour: White (DC02W) or Blue (DC02B)

## Physical Properties

**Composition: Polypropylene (PP)**

**Characteristics:**

- Latex Free
- Free of Proteins
- Free of Dust

## Sizes

**Sizes:** M, L, XL, XXL.

**Dimensions:**

Dimensions (±2 cm)	M	L	XL	XXL
Lenght	102	107	112	118
Width	62	64	65	67

### Uses and applications

Its use is mainly recommended for visits to factories or clean rooms, hospitals or the food industry. Suitable for infection control, food contact and domestic or work-related soiling. The wearer protects their clothing.

They can also be very useful for artists and painters looking for a more plasticised material, for possible spillage of liquid products such as paint or in situations where temporary protection is required to act as a protective barrier against splashes, such as in the research and veterinary field.

### Storage Conditions

Keep stored in a cool, dry place. Avoid excessive heat and protect from direct sun exposure or fluorescent lighting, as well as proximity to high frequency equipment.

### Directives and reference standards

- **Royal Decree 1407/1992**, concerning Personal Protective Equipment.
- **Regulation (EU) 2016/425**, on personal protective equipment.

### Management system

Management system in accordance with ISO 9001 standards.

### Product conformity
