

Material safety data sheet

Product: P-GM005X (Zero)

The last digit of the product code, X, is dependent on the glove size (e.g. 1 = extra small, 5 = extra large). N.b. not all gloves are available in all sizes.

Intended application: The intended application of this product is as a medical device and as PPPE for protection against minimal risk hazards. This product is a non-sterile single use nitrile glove.

Identification of the substance: Nitrile (Accelerator Free)

Composition / ingredients: Nitrile Latex, Accelerator Free Water Base Cross-linker, Titanium Dioxide, Colour Pigment.

Hazards and control measures

Identification of hazards: The colour pigment used is not classified as hazardous.

First-aid measures: In case of rashes or any other discomfort appearing, discontinue use immediately, wash hands with plenty of water and seek medical advice.

Fire-fighting measures: Extinguishing media: water, foam or dry powder. In case of fire wear respiratory protection equipment.

Accidental release measures: No special procedure required. Sweep into appropriate container for disposal. Accidentally released gloves shall not be reused.

Handling and storage: Store in cool and dry area. Protect from sources of heat, direct sun light and UV light.

Exposure control and personal protection: Discontinue use if rashes or other sign of discomfort occur. Thin cotton gloves may be used as liner to prevent direct skin contact.

Physical and chemical properties

Form: Elastomer
Colour: Blue

Odour: Inherent
Surface: Fingertip textured

Solubility in water: Insoluble
Soluble in: None identified
pH value: Neutral

Stability and reactivity

Stability: Stable
Materials to avoid: Acrylates, ketones, halogenated hydrocarbons, strong oxidizing and reducing agents
Conditions to avoid: Sunlight, UV light and heat

Hazardous decomposition chemicals: Acetone, acrylonitrile, aliphatic and aromatic hydrocarbons, alcohols, ammonia, butadiene, carbon disulphide, carbon and nitrogen oxides, formaldehyde, hydrogen cyanide, naphthalene, phenol, and other compounds

Toxicology, disposal and transportation

Skin irritation: None identified
Dermal contact sensitisation: This product is latex free and accelerator free

Ecological information: Non-biodegradable

Disposal considerations: Landfill; dispose of in accordance with local and national regulations. May be incinerated in a suitable facility using heat recovery.

Transport information: Not classified

Regulatory information

Primary Regulation: MDR (EU) 2017/745, MDD 93/42/EEC (GB) and PPER (EU) 2016/425
Classification: Class I non-sterile medical device: Minimal risk PPE

Risk Phrases: N/A
Safety Phrases: If it is suspected you may have an allergy, discontinue use of the gloves and seek medical advice.

Other information

None.

The data shown here is based on current knowledge and experience. The purpose of this safety data sheet is to describe the product in terms of its regulatory and safety requirements. The data does not signify or imply any warranty with regard to the product properties or performance.
